

Reference for Jimmy Tingle

February 11, 2016

The Annual Chamber Southwest Louisiana Banquet is our largest event of the year. In the past we have had serious speakers on various topics. This year, we wanted an upbeat and humorous speaker, so we chose Jimmy Tingle.

The audience of over 1200 sat through a long program including an address by our new Governor. I was concerned the program was too long. When we introduced Jimmy the mood changed. He immediately got the audience's attention and had them laughing. He was a big hit and his presentation was the perfect ending to our program.

Jimmy was very easy to work with and he interacted with our board members at a photo shoot, making a humorous quip to each of them. He was the easiest speaker we have worked with and Washington Speakers Bureau staff did a great job on handling all details including a pre-banquet conference call with Jimmy.

Jimmy even called a day or so after the event for input. I would wholeheartedly recommend Jimmy Tingle at your event if you want an entertaining and humorous speaker.

Sincerely,

A handwritten signature in black ink, appearing to read "George Swift".
