Jimmy Tingle Productions

Dear Mr. Tingle,

Thank you for the amazing and generous performance at the Ayer Shirley Regional High School this past April. From what I observed there were many students, faculty and community members present, and I am confident all enjoyed your show. It was very funny and a truly accurate portrayal of the "American Dream." I am sure that several of our students have not had the opportunity to see a live show such as yours; your willingness to come and perform for ASYD as a benefit for our students, our school renovation project and our dramatic arts programs is very much appreciated.

Thank you again for providing this experience for our students. I believe it is these types of moments that help shape our students into the adults they become.

Sincerely,

Brian Haas
Principal
